**LEPC Announces Public Review Opportunity for
FY 2025 Residential Substance Abuse Treatment for State Prisoners Grant Program
Application ID#: Grant 14617580**

U.S. VIRGIN ISLANDS - The Virgin Islands Law Enforcement Planning Commission (LEPC) is pleased to announce a public review opportunity for its application submission of Fiscal Year (FY) 2025 Residential Substance Abuse Treatment for State Prisoners Grant, administered through the United States Department of Justice, Bureau of Justice Assistance (BJA).

The Residential Substance Abuse Treatment (RSAT) Program is a formula grant program that enhances the capabilities of state, local, and tribal governments to provide residential substance use disorder (SUD) treatment to adult and juvenile populations during detention or incarceration, initiate or continue evidence-based SUD treatment in jails, prepare individuals for reintegration into the community, and assist them and their communities throughout the reentry process by delivering community-based treatment and other recovery aftercare services.

The RSAT Program encourages the establishment and maintenance of drug-free prisons and jails and development and implementation of specialized residential SUD treatment for individuals with co-occurring mental health and substance use disorders. The program also encourages the inclusion of medication-assisted treatment as part of any SUD treatment protocol.

For any person who would like to review LEPC's application for FY 2025 Residential Substance Abuse Treatment for State Prisoners (RSAT) Grant funding, please contact Ms. Carmen Potter, Executive Assistant to the Director, via email at carmen.potter@lepc.vi.gov.

LEPC is committed to supporting criminal justice initiatives and programs through collaboration, advice, and resources to promote safer communities in the Virgin Islands.

Moleto A. Smith Jr.

Director
